# Welcome

Dear Colleagues,

It gives me great pleasure to announce the 11th European Solid Mechanics Conference to be held in Galway, Ireland, 4th – 8th July, 2022 (ESMC 2022). The conference is being held under the auspices of the European Mechanics Society (EUROMECH <https://euromech.org>).

The European Solid Mechanics Conference is the major event for the solid mechanics community in Europe, and provides a unique forum for scientists and engineers from Europe and across the world to exchange ideas on the current state-of-the-art in the mechanics of solids, on new concepts and ideas and to identify new research directions.

Solid mechanics is the bedrock of engineering design in areas such as mechanical engineering, civil and structural engineering, and biomedical engineering. It is a critically important element in the design and development of almost all technologies and products in these areas, such as aircraft, automobiles, buildings, bridges, and medical implants and devices. Further, solid mechanics is a key enabler in the development of new technologies that address the major global challenges of our time in sustainability, renewable energy and health.

The first European Solid Mechanics Conference was held in Munich in 1991. This very successful conference initiated a tri-annual series with subsequent conferences held in Genova, Stockholm, Metz, Thessaloniki, Budapest, Lisbon, Graz, Madrid and Bologna. The 11th European Solid Mechanics Conference will take place at the National University of Ireland Galway, in the city of Galway, Ireland.

We have assembled an outstanding group of invited lecturers for the conference, covering the General Lecture and five Plenary Lectures.

The conference is organised in terms of the following eight themes:

- Mechanics of Materials
- Biomechanics and Medical Implants
- Continuum Mechanics
- Experimental Mechanics
- Computational Mechanics
- Dynamics, Waves and Metamaterials
- Structural Mechanics
- Multiphysics and Multiscale Problems

There is a General Session for each theme and over fifty Mini-Symposia that cover a range of specialised topics, grouped under each theme.

We warmly welcome you to the wonderful city of Galway for what promises to be a very exciting and stimulating event.

Yours sincerely,

---

# Why Sponsor ESMC 2022?

ESMC 2022 will be a fully in-person conference, which will be the first time in 4 years that we have had the opportunity to come together for ESMC.

We welcome sponsorship from companies and organisations who wish to showcase their products and services and have the opportunity of networking with academics and practitioners in the field.

We appreciate and rely on the support of the companies and organisations who sponsor this event, exhibit and participate at the conference. Our experience suggests that the sponsor and exhibitor networking aspect of the conference is of significant benefit to both exhibitors and delegates.

- ✓ **Major international conference and forum where engineers and scientists are trained for your business**
- ✓ **Introduce your products or services to delegates and interact with a highly focused, motivated, engaged and receptive audience**
- ✓ **Excellent opportunity for you to show your support for cutting edge research and academic excellence**
- ✓ **Establish personal contacts and develop networks with interested parties from around the world**
- ✓ **With the significant number of postgraduate students and postdoctoral researchers that will be in attendance, you will be able to engage with, and support the training of, your potential future employees**
- ✓ **Discuss the latest developments in engineering and scientific research with world-leading experts**

The conference maximises exhibit time and flow of attendees by offering exhibit spaces close to the main plenary lecture theatre and refreshment areas.

# Conference Statistics

Interest for ESMC conferences has been building over the years and the last conference in 2018 attracted over 1,300 delegates and abstract submissions.

# Terms & Conditions

## EXHIBITION SPACE

Exhibition space is assigned by the organisers with priority given to Platinum, Gold and Silver sponsors. Remaining space is assigned on a first-come first-served basis. Full details of exhibitor setup, delivery and locations of stands will be distributed prior to the conference.

## PAYMENT AND CANCELLATION

The full payment is payable 30 days upon receipt of the invoice. All cancellation requests must be submitted in writing to [esmc2022@abbey.ie](mailto:esmc2022@abbey.ie). Cancellations received before 4 May 2022 will be required to pay 25% of full payment due. After 4 May 2022, no refunds will be given. The organiser reserves the right to cancel the exhibition or terminate the contract for any reason at any time upon written notice to the exhibitor/sponsor. In this event a refund will be made for any rental fees paid by the exhibitor/sponsor under the contract.

## LIABILITY

The organisers accept no responsibility should the conference be cancelled due to force majeure cases. Materials and equipment belonging to exhibitors are their responsibility. The exhibitor is responsible for the safety of all their property onsite at the conference venue. It is advised that the exhibitors carry their own insurance against any risk of loss due to theft/negligence, damage, injury or liability.

# Location & Venue

Founded in 1845, NUI Galway is located in the West of Ireland, in Galway – the ‘City of the Tribes’. Uniquely located in a beautiful historic campus in the west coast of Ireland, on the edge of the Wild Atlantic Way coastline and only 2 hours drive from Dublin.

Galway is a place like no other. Set on the Wild Atlantic Way, on the broad sweep of Galway Bay, Galway is as distinctive as it is beautiful. From this position on the Atlantic edge of Europe, NUI Galway has a proud history of reaching out and connecting with the world. Galway casually combines the energy of a young and diverse population, with the authenticity of a place steeped in history and tradition. They are renowned as a place where arts and culture are celebrated, reinterpreted and shared with the world.
